English

In English we will be exploring the story of 'Seeyda, the pirate princess' 'Shark in the Park' and 'I wish I were a pirate'; developing the structure of our writing. We will be using the 'Talk for Writing' approach (T4W) to develop our skills as writers. They will develop their knowledge of a range of interesting varied texts including leaflet writing and poetry.

Mathematics

In maths the children will continue develop their understanding of place value and the composition of number. They will also explore key areas in maths such as money, time, multiplication and division, position and direction, 3D shape and capacity and volume.

Science

In Science we will be looking at plants. We will be identifying and naming a variety of plants, looking at their structure.
We will also be investigating what a plant needs to grow.
We will continue to explore seasonal changes in spring and summer.

Religious Education

During this term the children will be learning 'Who is a Muslim and how do they live?' and we will also be exploring how we can care for others and the world.

Computing

The children will be learning how to use technology for data and information. They will also be exploring how to create digital media.

History

In History we will learning about different explorers such as Christopher Columbus and Grace Darling. We will also be looking at seaside's in the past and present. We will be comparing what seaside's are like today and what seaside's are like in the past.

Acorn Class

'Oh I do like to be beside the seaside'

Acorn Class have an exciting and busy term ahead!

PSHE

Throughout this term we will be looking at how my body has changed from a baby to now and how we grow. We will also be exploring relationships. How we can make friends and the people who help us.

Music

In music we will be identifying and describing pitch, they will be using tuned and untuned instruments to create different sounds, representing their work using notations.

Design and Technology

In DT we will be designing, making and evaluating our very own tasty and refreshing seaside snacks!

Geography

In Geography we will be exploring the seasides of the UK, looking at their physical and human geographical features. We will be locating the seasides on the map of the UK and comparing a UK seaside to a seaside in Europe.

Art and Design

Following on from last terms focus of colour and printing, we will be looking at using materials to make different under the sea pictures, exploring how we can create texture.

We will be using at famous artists and their work to inspire us.

PE

In PE we will be practicing our throwing and catching. We will be exploring striking and fielding games, net games and athletics.
