

'Great oaks from little acorns grow'

Summer term (2) 2016 – Week 2

Our Value for this half term: Courage

"All our dreams can come true, if we have the courage to pursue them." ~ Walt Disney

This week...

Acorn Class

The children have been investigating different animals and finding interesting facts about their chosen animal. We also designed and made animal masks - much to the delight of the children.

In Music this week **Beech Class** further developed their compositions inspired by different locations and wrote 'scores' so others could play their pieces too. In Maths we have been focusing on multiplication & division. Carrying on from our Talk4Writing & DT work on 'Nail Soup' we have been investigating and writing instructions.

In Geography this week **Oak Class** have discussed the difference between flood protection and flood prevention – looking in particular at flooding in Bangladesh. We then designed a 'floating garden' to help the farmers of Bangladesh combat living on a flood plain.

'Water' inspired artwork by Oak Class

New date for PTFA BBQ & Quiz...

Picnic blankets on the school field

Friday 1st July

If it rains then the BBQ will go ahead and we will party in the hall!

- Sausages start sizzling at 6pm
- Quiz 7pm
- Ice cream for Dessert
- Tea, Coffee and soft drinks for sale - bring your own booze and glasses

Team of the Week:
Wye

Lunchtime Table of the Week
and

Gold Awards
for achievements out of school
Acorn Class: Leo P, Adam, Tasha-Marie, William
Beech Class: Oscar

Good to Be Green
Well done to all pupils who have been 'Green all week'

BTR New Textile Bank...

Yesterday we had a lovely new shiny textile bank delivered (now situated by the main gates). It has been supplied by BTR Ltd (a Bristol based firm). As before, any money raised through the recycling scheme is shared between

the School Council and school funds. The following items can be donated:

- all clean, dry, reusable clothing items
- paired shoes
- bags & belts
- soft toys

Please can any items placed in the bin be in tied plastic bags. We will continue to have the cardboard collection bin in school if you have large bags to donate.

Thank you for continuing to support this important recycling & fund raising scheme. As the children learnt in assembly yesterday

- 1.5 million tonnes a year of unwanted clothing ends up in landfill.
- At least 50% of the textiles we throw away are recyclable; however the proportion of textiles reused or recycled in the UK is only around 25%.

The children were keen to make a difference.

DATES FOR YOUR DIARY ~ Next Week
