

Mathematics:

In Maths, we will all be focusing on short multiplication and short division. Year 4 will prepare for their Times Table check in Summer 2.

Science:

In Science, our focus is properties of materials. We will look at liquids, solids and gases and carry out scientific investigations to identify the different properties of materials.

Art:

In Summer 2, our Art focus will be Viking shields. We will analyse, design and create our own Viking shields.

Religious Education:

In RE, we will be exploring what it means to be a Muslim in Britain today. In Summer 2, we will see how festivals and family life show what matters to Jewish people.

English:

In English, we will be creating a leaflet to share information about all the different things we will learn about Vikings. After this, we will be writing a diary entry from the perspective of a Viking. We will put ourselves in the shoes of a Viking and chronologically recount our day.

VICIOUS VIKINGS

Geography:

In Summer 2, we will be focusing on Geography. We will plan a Viking journey. Year 4 will plan a journey to another part of the UK, whilst Year 5 will plan a journey from the Viking homelands to the UK.

Enrichment Activity:

As part of our Topic, we will be having a Viking Day! This will include shield making and exploring how the Vikings lived.

Physical Education:

In Summer 1, we will be swimming every week. Alongside this, we will be doing rounders. In Summer 2, we will have a large focus on athletics and running.

History:

We will look into how Viking historical artefacts can help inform us of life back then. We will research key events and create a Viking timeline. We will also find out about the life of a child in Viking times.
